

Student Photograph and Video Consent Form

The purpose of this parental/guardian consent form is to obtain permission for your child to appear in photographs or videotapes.

Photographs and video images of students in the Starting Point Daycare and Preschool are often taken for the purpose of sharing with parents/guardians, celebrating student achievements, sharing educational programs with the community, improving instruction, documenting important events, promotional/advertisement materials of the school, educational presentations or courses, class/school activities, and school website. In addition, many of our teachers participate in courses that ask them to videotape their teaching and then later critique their instructional practices. Your child may appear in one or more of these photographs or video segments.

I waive any right to royalties or other compensation arising or related to the use of the image or recording.

Under no circumstances we will release personally identifiable information with such images, other than the child's first name and grade.
